

Gurvinder Sandher  
Festival Director

We hope that you will be able to join us for our 6th Dartford Festival of Light which will prove to be our biggest and we hope most successful to date.

The Festival which was inspired by the London 2012 Olympics has grown from strength to strength and will showcase some of the excellent work being done by young people from across the Borough through the arts.

Come and follow the Lantern Parade which will start at One Bell Corner and will go through Dartford Town Centre before finishing on the Bandstand where there will be a programme of free entertainment.
